14. The choir sang a ..... song last Sunday. (good)
15. Walter wrote an ..... letter to the class teacher. (apologize)

**For each of the questions 16 and 17, arrange the given words in alphabetical order.**

16. Write, invite, reply, seal

.....

17. Saw, spanner, screw driver, seat

.....

**For each of the questions 18 and 19, use the given word in a sentence to show that you know the difference in their meaning.**

18. fair

.....

19. fare

.....

For each of the questions 20 and 21, give the plural form of the given words

20. ox .....

21. donkey .....

**In each of the questions 22-24, rewrite the sentences giving one word for the underlined group of words.**

22. That paper container in which a letter is sent is not sealed.

.....  
.....

23. The old woman walked at a slow speed as she crossed the road.

.....  
.....

24. The vehicles used for carrying sick people arrived before the situation worsened.

.....  
.....

**For each of the questions 25 and 26, write the full form of the given words.**

25. a/c .....

26. ATM .....

**For each of the questions 27 and 28, rearrange the given words to form correct sentences.**

27. Prize Benard a received yesterday.

.....

28. kind What man our is a teacher

.....

**For each of the questions 29 and 30, rewrite the sentence giving the opposite form of the underlined word.**

29. He is a very responsible boy.

.....

30. What will you do if you fail this test?

.....

### **Sub Section II**

**For each of the questions 31 to 50, rewrite the sentences as instructed in the brackets.**

31. Peter prefers English to Mathematics. (Rewrite the sentence using: ..... likes .....)

.....

.....

32. Gabriel is a prefect. Priscilla is also a prefect. (Rewrite as one sentence using: ..... and so .....)

.....

.....

33. Both of us did not report to school yesterday. (Rewrite the sentence beginning: Neither of .....)

.....

.....

34. Annet is very clever. Tomboya is also very clever. (Rewrite as one sentence using: ... as ... as ....)

.....

.....

35. Despite being young, my brother can carry a jerrycan of water. (Rewrite the sentence beginning: Although .....

.....

.....

36. "Martha, what have you been doing?" asked Aaron. (Rewrite the sentence beginning: Aaron wanted to know .....

.....

.....

.....

.....

38. Alice is a very clever girl. (Rewrite the sentence beginning: What .....

.....)

.....

.....

39. We reached the bus park before noon. (Rewrite the sentence using: ..... arrived .....

.....)

.....

.....

40. Obaya did the exercise before going home. (Rewrite the sentence beginning: Obaya went home .....

.....)

.....

.....

41. Arinaitwe is very slow. He cannot finish the exercise before time. (Rewrite as one sentence using: ..... enough .....)

.....  
.....

42. The parents praised the teachers of Primary five. (Rewrite the sentence beginning: The teachers.....)

.....  
.....

43. Winston is not as tall as Bogere. (Rewrite the sentence using: ..... taller .....)

.....  
.....

44. The stranger said something, didn't he? (Rewrite the sentence beginning: ..... didn't say .....)

.....  
.....

45. It is easier to learn English. (Rewrite the sentence beginning: To learn .....)

.....  
.....

46. The exercise is very difficult. Wakonya cannot do it. (Rewrite as one sentence using: ... too ... to .....)

.....  
.....

47. My friend who lives in Nairobi will visit me next week. (Rewrite the sentence beginning: A friend .....)

.....  
.....

48. No, Betty is not my sister. (Write a suitable question for this reply.)

.....  
.....

49. Nakato will go to the market if she gets money. (Rewrite the sentence using:  
.....would .....)

.....  
.....

50. Joan has a doll. Jalia has a doll. (Re-write as one sentence using: ..... and.....)

.....  
.....

### **SECTION B**

**51. Read the story below and in full sentence, answer the questions that follows.**

#### **A Journey to Lira City**

It was on Sunday when we left Kampala for Lira City. The schools had closed due to COVID-19. Our father, who owns a shop in Kampala, decided that we go to the village. This was because even the shop had closed.

In the morning, we went to the bus park. We were to travel by bus. We had our pieces of luggage. Our father booked tickets at the YY Coach Office. He gave the fare to the conductor. The conductor gave him the tickets. The conductor then put our luggage in the boot. Then we took our seats. While on the bus, people were talking about Coronavirus and its dangers. We listened to the stories attentively though it made us fear that we would all die.

After nearly half an hour, the conductor told the driver that it was departure time. A man led a prayer, after which, we started the journey. The further we went, the faster the bus

moved. When the passengers realized that the bus was travelling at a high speed, they told the driver to slow down. Good enough we were about to arrive in Lira City, we got on bodabodas to Burlobo-Akia. We reached our destination at 2 o'clock.

### **Questions**

a. On which day did the family travel?

.....

b. Why had schools closed?

.....

.....

c. What was the father given after paying the fare?

.....

.....

d. Where did the conductor put their luggage on the bus?

.....

.....

e. What is the name of the village the family travelled to?

.....

.....

f. What happened when the bus was travelling at a high speed?

.....

.....

g. At what time did the family reach their destination?

.....

.....

h. Give one word to mean arrive in.

.....

i. Write the following in full.

i). o'clock

.....

ii). Covid-19

.....

**52. Read the poem below and answer the questions that follow in full sentence.**

Languages, languages, languages!

Different people speak different languages.

People from China speak Chinese.

People from France speak French.

People from Spain speak Spanish.

Different people different languages!

Languages, Languages, Languages!

Uganda has many languages.

One country many languages

Lusoga, Luo, Lugbara, name it.

English brings Ugandans together!

One country, different languages!

Languages, Languages, Languages!

Go to England and learn English.

Go to Italy and learn Latin.

Go to Nigeria and learn Ibo.

We should all speak one language.

Different people one language!

Ahomugisha Javira

### Questions

1. What is the poem about?

.....

2. What do different people do according to the poem?

.....

.....

3. According to the poem, which country has many languages?

.....

.....

4. What does English do according to the poem?

.....

.....

5. How many languages have been talked about in the poem?

.....

.....

6. Why is English the language that brings Ugandans together?

.....

.....

7. How many stanzas has the poem?

.....

8. Who wrote the poem above?

.....

9. According to the last stanza, which verse talks about Ibo?

.....

.....

10. Suggest the title to the poem above.

.....

**53. Study the invitation cards below and answer the questions about them in full sentences.**

**A.**

**The family of Mr. and Mrs. Juliet Wambuga of Buwala Village, together with**

**The family of Mr. Moureen Matege of Lambala, Luka district**

**With pleasure invite the company of**

**Mr./Mrs./Dr./Bishop/Rev.**

**GODFREY MANDA**

**To the wedding ceremony of their children**

**CHARLES MATOVU and IRENE MIREMBE**

**Which will take place on Saturday 25<sup>th</sup> July, 2021 at 2:00pm at St. Philip and Andrew Cathedral Mukono, and there after a reception at Satellite beach**

**R.S.V.P (regrets only)**

**Mr. Kasumba Jamil**

**0777614824**

**Mr. Malinzi Benon**

**0706504420**

**Questions**

1. Who is the bride according to the card?

.....  
.....

2. Who is being invited to the wedding ceremony?

.....  
.....

3. On which day will the wedding take place?

.....  
.....

4. Where will the wedding function take place?

.....  
.....

5. Where will the invited guests assemble for refreshment?

.....  
.....

**B**

**BAPTISM**

The family of Mr. and Mrs. Norah Kimera cordially invites

Mr./Mrs./Dr./Rev.

**James Nsereko**

To the baptism ceremony of their daughter, **Faith Nanjogo**,

which will take place on 23<sup>rd</sup> May 2020, and thereafter

to a reception at their home in Gwafu zone.

R.S.V.P (regrets only)

Mr. Kimera Richard

Mrs. Norah Kimera

0772565235

0772002949

**Questions**

a. What function is going to take place?

.....  
.....

b. When will the function take place?

.....

.....

c. Where will the reception be held?

.....

.....

d. Who is the female parent of Faith Nanjogo?

.....

.....

e. Write the meaning of R.S.V.P

.....

Global Junior School-Mukono

54. Using your home address, write a letter thanking your parents for taking good care of you during this epidemic, and providing you with the educational gadgets where you can access the work online. Promise them that you will do your best to meet their wish.

Global Junior School-Mukono

## MATHEMATICS

### PRIMARY FIVE HOLIDAY WORK 2021

NAME: .....STREAM: .....

PARENT'S COMMENT:

.....  
.....  
.....

SIGN: ..... DATE: .....

**TOPICS:**

- Operations on Whole Numbers.
- Whole Numbers.

**SECTION A (20 QUESTIONS - 40 MARKS)**

1. Subtract:      5 0 2

                    - 4 0 2

---

---

2. A sack of beans weighs 102kg. Find the weight of such 8 sacks of beans.

3. Work out the value of 3 in  $432_{\text{five}}$ .

4. Express 29 as a numeral in finite 7.

5. Distribute 513 mangoes equally amongst 3 girls. How many does each get?

6. Sherinah bought 4509 sweets on Monday, 387 sweets on Tuesday and 5120 sweets on Wednesday. How many sweets did she buy altogether in three days?

7. A cattle farmer sold 215 cows during the Easter festive season. If he had 4923 cows before selling, how many cows did he remain with after the sale?

8. Lumbuye scored the following marks in mid-term examinations:

<b>SUBJECT</b>	<b>MTC</b>	<b>ENG</b>	<b>SCI</b>	<b>SST</b>	<b>R.E</b>
Marks scored	94	60	71	59	60

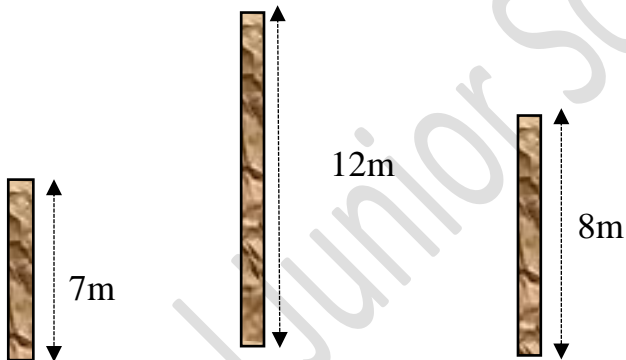

Find his modal score.

9. Multiply  $512 \times 30$

10. Divide 2424 by 6

11. Calculate the difference between 1000 and 697.

12. Below are poles with their heights. Find their average height.

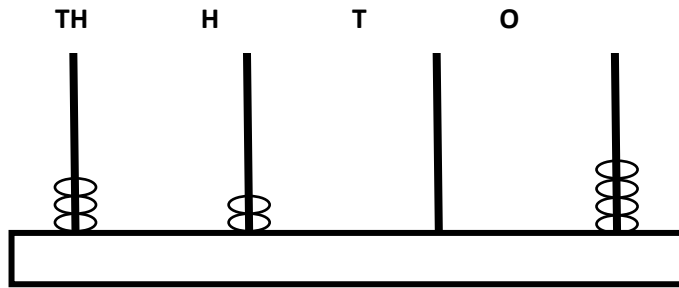

13. Work out:  $7 + 4 \times 5$

14. What is the place value of 1 in  $2103_{\text{five}}$ ?

15. Write “seventy-two thousand five hundred sixty” in figures.

16. Round off 427 to the nearest tens.

17. Write the number shown on the abacus below in words.

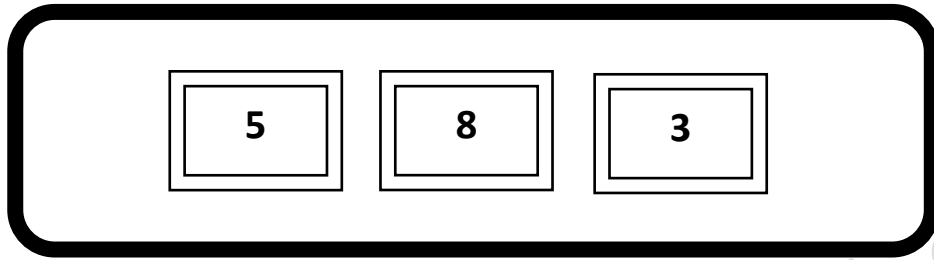

18. My grandmother is XCII years old. Express her age in Hindu Arabic numerals.

19. Expand 8043 using place value form.

20. What is the place value of 6 in the number 762,485?

**SECTION B (12 QUESTIONS 60MARKS)**

21. A P.5 pupil wrote digits on different cards as shown in the diagram below:

(a) Form all the possible three digit numbers that can be formed using the digits above. (3marks)

(b) Find the sum of the smallest and largest 3-digit numerals formed in (a) above. (2marks)

22.(a) Write  $231_{\text{five}}$  in words.

(1mark)

(b) Add:  $203_{\text{five}}$  (2marks)

$$\begin{array}{r} 203_{\text{five}} \\ + 112_{\text{five}} \\ \hline \\ \hline \end{array}$$

(c) Convert  $213_{\text{five}}$  to denary base.

(2marks)

23.(a) In a class of 40 pupils, each pupil has 3 dozens of books. How many books do they have altogether?

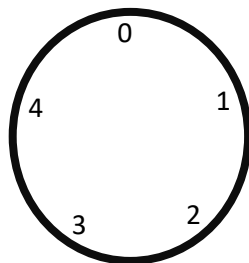

(3marks)

(b) If each bag accommodates 18 books, how many bags does each child need?

(2marks)

24.(a) Use the clock dial below to work out:  $2 - 4 = \underline{\hspace{1cm}}$  (mod.5)

(2marks)

(b) Work out:  $3 + 5 = \underline{\hspace{1cm}}$  (finite 7)

(2marks)

25. Given the numeral; 76, 895,

(a) Find the sum of the value of 6 and the value of 9 in the numeral above.

(3marks)

(b) Calculate the product of the place value of 8 and the value of 5 in the number 76, 895.

(3marks)

26. In Central Uganda, different health facilities registered malaria patients on a certain day as shown in the table below:

Health facility	No. of patients
Mulago	41
Kiruddu	20
Nsambya	22
Mengo	23
Masaka	14

(a) Calculate the range.

(2marks)

(b) Work out the median.

(2marks)

(c) Find the mean.

(2marks)

27. (a) Express 49 as a number in Roman Numerals.

(2marks)

(b) Joan has sh. 150,850. Write the amount of money she has in words.

(2marks)

28.(a) What number has been expanded to give:  $(6 \times 10^2) + (3 \times 10^1) + (4 \times 10^0)$ ?  
(2marks)

(b) Work out: 5 Hundreds + 9 Ones.  
(2marks)

(c) Draw an abacus and represent 54812.  
(2marks)

29. The table below shows 63 pupils in a P.5 class of a certain school.

	BOYS	GIRLS	TOTAL
PRESENT	27	29	_____
ABSENT	04	_____	_____
TOTAL	_____	_____	_____

Complete the table above.

(6 marks)

30. Simplify the following:

(i)  $14 - 20 + 76$

(2marks)

(ii)  $16 + 24 \div 8 - 4$

(2marks)

31.(a) A cylindrical bucket has 768 plates. If they are of equal numbers in blue, red, yellow and green colours, how many yellow plates are there?

(2marks)

(b) If each plate costs sh.1000, how much money will be spent on buying blue plates?

(2marks)

32. Complete the table below correctly.

(5marks)

MARKS	TALLIES	FREQUENCY
75	_____	6
90		_____
86	_____	8
67		_____
54	_____	14

NAME: .....STREAM: .....

PARENT'S COMMENT:

.....  
.....  
.....

SIGN: ..... DATE: .....

**SECTION A (40 MARKS)**  
**(Questions 1-40, carry one mark each)**

1. What name is given to domestic birds?

.....

2. Give a reason why local breeds of domestic birds are less costly to keep.

.....

3. Why do farmers who rear birds provide them with shelter?

.....

.

4. State the main condition provided by a hen when it sits on its eggs to make them hatch.

.....

5. Why is record keeping important in chicken rearing?

.....

6. How can we prevent a hen from carrying out the practice below?

.....

7. Name the disease which makes chicken develop difficulty in breathing.

.....

8. Why do farmers mate local breeds of hens with exotic breeds of cocks?

.....

9. How can bee swarming caused by sunshine be prevented?

.....

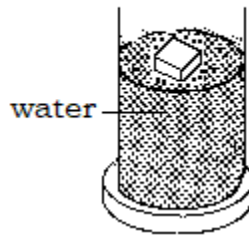

10. Mention one advantage of modern bee hives over traditional hives.

.....

11. Why is capital an important factor in starting a bee farming?

.....

Use the diagram below to answer question 12 and 13.

12. Why does the object above remain on top of water?

.....

13. Give one example of objects with the behaviour as shown in the diagram

.....

14. Identify one factor that determines the density of an object.

.....

15. How is water useful when measuring the volume of an orange?

.....

.....

16. Why does a body weigh less when measured in water?

.....

17. What is the standard unit for measuring mass?

.....

18. Give a reason why a person who is sick of a disease is not immunised against the very disease.

.....

19. Why are people immunised?

.....

.

20. Give a reason why it is important to test for a disease before immunisation is carried out against it.

.....

21. Why are elderly people more affected by COVID-19 than people below 30 years of age?

.....

.....

22. Give a reason why immunisation is always given free of charge.

.....

23. How does the use of masks reduce the spread of coronavirus?

.....

24. Mention the immunisable disease which permanently weakens the leg of the affected child.....

.....

25. How can the child whose legs have been weakened by the disease be helped to walk?.....

.....

26. How is saliva important during food digestion?

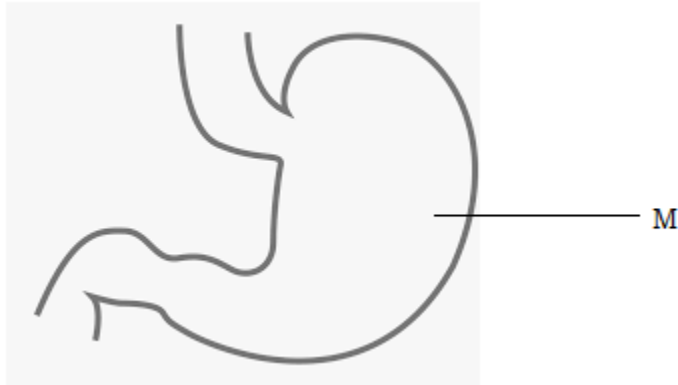

.....

27. Mention one importance of hydrochloric acid in the stomach.

.....

Use the diagram below to answer the questions that follow.

28. Name the class of food that starts its digestion in part M.

.....

29. Which substance is absorbed in M?

.....

30. State the last part of the alimentary canal where digestion of food takes place

.....

.....

31. Give a reason why digestion of food does not take place in the colon.

.....

32. Why are roughages included in the food we eat?

.....

33. How can a p5 child test for the presence of water in a dry lump of soil?

.....

.....

34. How is humus formed in the soil?

.....

35. Identify one important role of termites in the soil.

.....

36. Why is manure added in the soil during crop growing?

.....

37. State one soil pollutant.

.....

38. How do soil pollutants affect crop growing?

.....

39. What can a crop farmer do to make his crops produce good yield?

.....

40. How are harvested crops prevented from rotting?

.....

### SECTION B

41. a).Mention one type of domestic birds apart from chicken.

.....

b).Mention the type of chicken kept for the following purposes;

i).Meat production.....

ii).Egg production.....

c).What can we do to prevent eggs from breaking in the poultry house?

.....

42. a) Give two reasons why free range system is not good to keep birds on a large scale

.....

.....

b).State one advantage of deep litter system.

.....

c).Why should we cull unproductive birds?

.....

43. a) Give two ways local breeds of birds are good rear than exotic breeds.

i).....  
.....

ii).....  
.....

b) Mention two differences between exotic breeds and local breeds of chicken.

i).....  
.....

ii).....  
.....

44. (a) Identify the type of bees that are common on flowers.

.....

b) Give two materials collected by the above type of bees from flowers.

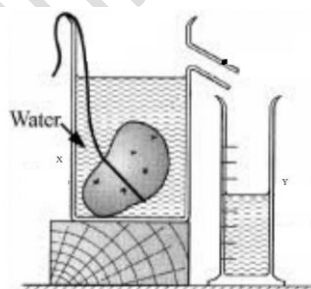

i).....

ii).....

c) One product bees produce using the materials they get from flowers.

.....

45. Use the diagram below to answer the questions that follow.

a) Container x.

.....

b) What is the water level in container Y equal to?

.....

c) Which method of finding volume is used in the diagram above?

.....

d) How is container Y able to give correct volume of object in X?

.....

46. a) Give two differences between mass and volume.

i).....

.....

ii).....

.....

b) What happens to the volume and mass of water when frozen?

i) Volume.....

ii) Mass.....

47. Study the immunisation time table below and answer the questions.

Date of visit	Vaccines	Date of next visit
6/6/2021	Polio vaccine	6/6/2021 given
	BCG Vaccine	6/6/2021 completed
	Polio vaccine DPT +Hib+Hep PCV Vaccine Rotavirus vaccine	20/7/2021
		20/8/2021

a) When was the baby born?

.....

b) Identify one vaccine administered on the date stated in question 47(a).

.....

.

C ) On which date was the child taken for the second round of immunisation?

.....

c) Which vaccine was not repeated during the second visit?

.....

48. a) How do immunisable diseases spread?

.....

d) Identify the immunisable disease that leads to chronic cough, sweating at night and blood stained sputum.

.....

c) Which document do doctors give to parents after immunising their children?

.....

e) What would happen if the document was not given to parents after immunisation?

.....

49. a) Which type of digestion takes place in the presence of salivary amylase?

.....

b) State the main reason why food is digested.

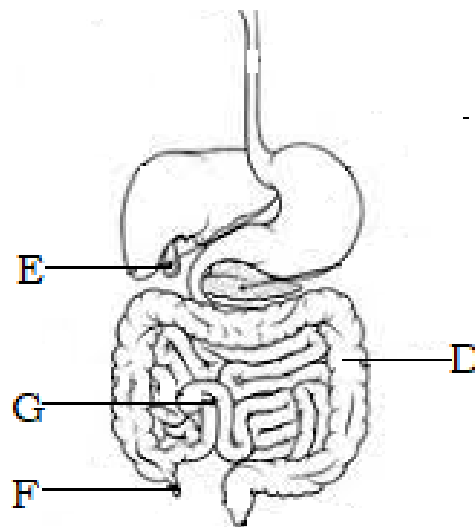

.....

c) Give two conditions necessary for food digestion in the body.

i).....

ii).....

50. Use the diagram below to answer the questions that follow.

a) Identify the substance that enters the blood stream through part D.

.....

b) How is the substance stored in part E important?

.....

c) How is part G adapted to its function of food absorption?

.....

d) State the disease that affects part F.

.....

51. Match items in A to those in B.

**A**

**Components of soil**

a) Water

b) Air

c) Soil living organisms

c) Rock particle

**B**

**Importance in the soil**

Aerates soil

source of plant nutrient

respiration of soil living organisms

Dissolved mineral salts

**Correct order**

a) Water.....

b)

Air.....

c) Soil living organisms.....

d) Rock particles.....

52. a) Which type of soil has the highest rate of leaching?

.....

b) Give a reason why the above type of soil under goes a very high rate of leaching.....

.....

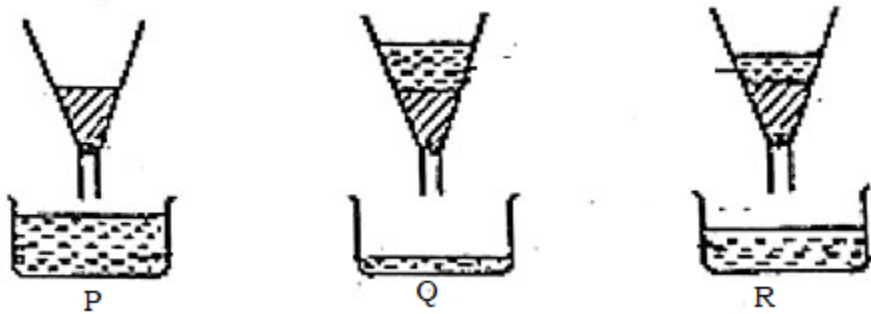

c) How can we improve the water holding capacity of the soil?

.....

f) Give one danger of leaching.

.....  
.

53. Use the diagram below to answer the questions that follow.

a) Name the type of soil in container P and Q.

i)

P.....

ii) Q.....

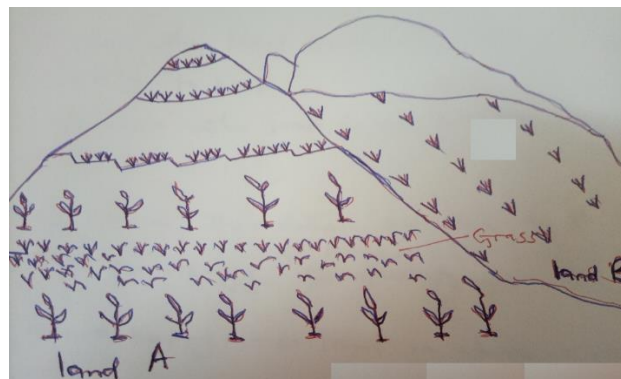

b) Which of the soils in the diagram above is good for growing crops?

.....

c) Identify the soil that can be used for making cups, plates and pots in the diagram.....

.....

54. Below is a diagram of a certain land scape. Use it to answer the questions that follow.

a) Give one advantage of growing crops on landscape A using the methods applied in the diagram.

.....

b) Identify two good crop growing practices used on land A.

i).....

ii).....

g) Why is the method of growing crops in diagram B dangerous?

.....

55.a) How is cassava propagated?

.....

b) Name the part of cassava that makes food.

.....

c) Where does cassava store its food?

.....

d) What name is given to plants that store food in the same way as cassava?

.....
