49. My mother always panics every time her car breaks down.

(Use:...whenever.....)

50. Immediately we reached Entebbe Airport, we boarded the plane.

(Use:...as soon...)

SECTION B (50 marks)

51. **Read the passage below carefully, and in full sentences, answer the questions that follow.**

My name is Kuchel Mario. During the first term holidays of 2018, I travelled to Mbale, that beautiful town of the Bagisu. I had gone to visit my eldest brother and his family. I went there aboard Elgon Flyer Bus. This was the fifth time I was visiting them.

I enjoyed this journey all the way from Kampala City to Nkoma in Mbale where they live. Our first stop over was at Mabira Forest. At this place, there were vendors selling roast "gonja" (roast ripe bananas) chicken, meat and liver. I bought "gonja" and a bottle of water.

This bus company offers the best services because every passenger was given free serviettes by the conductors to clean their hands. I also enjoyed looking at the beautiful scenery of sugarcane and tea plantations along the highway.

In Nkoma, I had fun with my two nieces and a nephew as we swam and rode bicycles. I spent a fortnight in Mbale and returned home safely. I am happy because I enjoyed this journey.

Questions

(a) Who wrote this story?

(b) When did he travel to Mbale?

(c) Which people mostly live in Mbale?

(d) How did Kuchel Mario travel to Mbale?

(e) Where does Mario's eldest brother live?

(f) What did Mario eat on his way to Mbale?

(g) How many times had Mario been to Mbale?

(h) Write one word or group of words with the same meaning as the underlined group of words

(i) offers _____

(ii) fortnight _____

(i) Suggest a suitable title for the passage.

2. **Nkuutu is a mechanic in Kapeeka, Luwero. Study his dairy carefully, and answer in full sentences, the questions that follow.**

Feb.	Morning	Evening
Sun. 14.2.18	prayers (Kido C/U)	cleaning the garage
Mon. 15.2.18	buying auto spare parts (Kireka Market)	repairing the brakes
Tue, 16.2.18	towing and repairing Miiró's lorry	repairing and fixing tyres
Wed.17.2.18	buying equipment for the toolbox	washing the engine
Thur.18.2.18	paying workers	repairing motorcycle
Fri.19.2.18	Visiting relatives and friends	resting
Sat. 20.2.18	Aerobics exercises	Watching a football match (KCCA FC Vs Villa FC)

Questions

- (a) Whose diary is shown above?

- (b) Where does he live?

- (c) When does Nkuutu clean the garage?

- (d) Why does Nkuuti repair the wrecker?

- (e) How many activities does Nkuutu do on Tuesday?

- (f) Mention any two equipment found in the toolbox.

(g) What did Nkuutu do on Thursday in the morning?

(h) How does Nkuutu benefit from aerobics?

(i) Apart from relatives, who else does Nkuutu visit?

(j) Write Feb. in full.

53. **The following sentences are not in their correct order. Rearrange them correctly to form a good composition about newspapers.**

- (a) I am interested in sports, so each time I get a newspaper I start with the sports news.
- (b) By reading the newspapers, we get informed about what is happening in the country.
- (c) Every Wednesday, we receive copies of the New Vision Newspaper.
- (d) However, my friend and I have different interests in newspapers.
- (e) The copies are distributed by the New Vision media agent.
- (f) My friend is interested in completing crossword puzzles.
- (g) From the office, our class teachers receive copies for their respective classes.
- (h) The media agent drops them in the office.
- (i) We also learn new words and improve on our grammar.
- (j) Our class teachers encourage us to read these newspapers.

(c) How many cars are on sale?

(d) Who should be contacted for enquiry?

(e) Write advert in full.

54. B **Read the notice below carefully and answer, in full sentences, the questions that follow.**

Lost Driving Permit
No. 10489143/ 3/2
Kabuye Abraham
Contact: 0785449617
If found, take it to the nearest police station
A big Reward Awaits!

Questions

(a) What is the notice about?

(b) Who lost the driving permit?

(c) Where should it be taken if found?

(d) How can Kabuye Abraham be contacted in case one finds the permit?

(e) What will a person who finds this permit get?

55. **Below is a dialogue between Joel and his friend Didas. Fill in what you think were Joel's correct responses.**

Didas: Good afternoon, Joel

Joel: _____

Didas: How are you, my friend?

Joel: _____

Didas: That is encouraging if you are fine. Where are you going?

Joel: _____

Didas: The Old Taxi Park! Then what will be your next destination?

Joel: _____

Didas: The zoo? Where is it located?

Joel: _____

Didas: Entebbe! Aren't you afraid of wild animals?

Joel: _____

Didas: If not, what is the fare by taxi to the zoo?

Joel: _____

Didas: Shs. 5000 is a lot of money. Do taxis go direct inside the zoo?

Joel: _____

Didas: Is the stage near the zoo or it is very far?

Joel: _____

Didas: If not, I wish you a safe journey.

Joel: _____

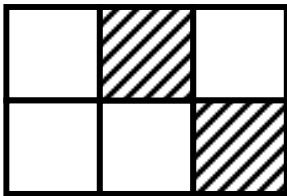

P. 5 Mathematics.

Name: _____ Stream: _____

1. Work out: 21×4

2. Write 'forty thousand five' in figures.

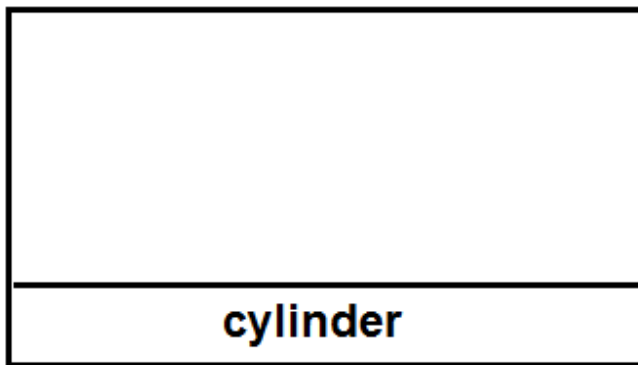

3. Write the shaded fraction in the figure below.

4. Complete the sequence below: 36 , 25 , 16 , 9 , _____

5. Find the missing number: + 13 = 20

6. Draw a cylinder in the space below.

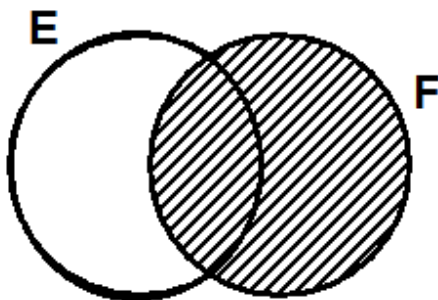

7. Express 36 in Roman numerals.

8. Peninah bought 4 pens at sh. 2000. How much money did she pay for each pen?

9. If  shows 6 chairs. How many such pictures will show 48 chairs?

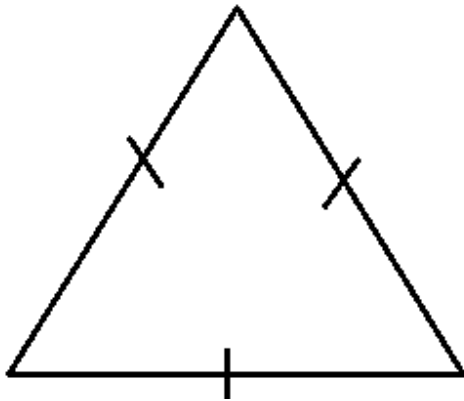

10. Write the unshaded region in the diagram.

11. Round off 3429 to the nearest hundred.

12. Change 5000m to kilometres.

13. Name the figure below.

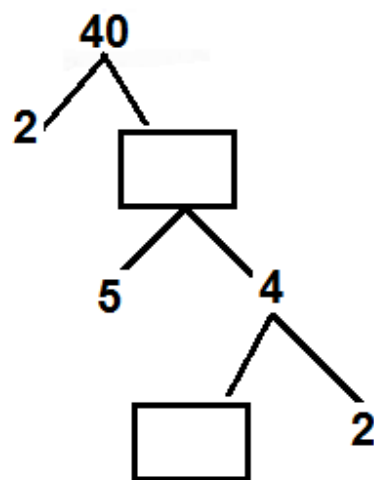

14. An examination started at 8:00 am and took 2 hrs and 30 min. At what time did it end?

15. On Kabojja Junior School Sports Day, 214 boxes of water were bought for parents. Each box had 24 bottles, how many bottles did they supply?

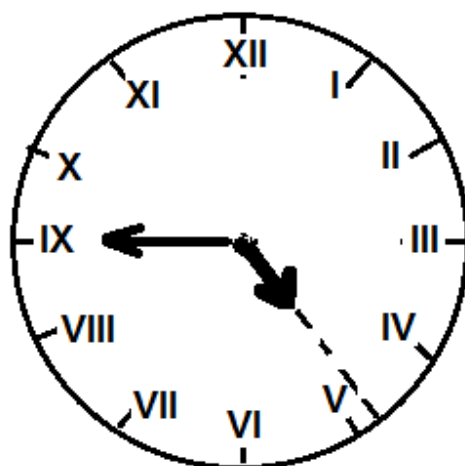

16. Work out: $3\frac{1}{5} + 1\frac{2}{5}$

17. Simplify: $4x + x - 2x$

18. Fill in the missing number.

19. What time is shown on the clock face below?

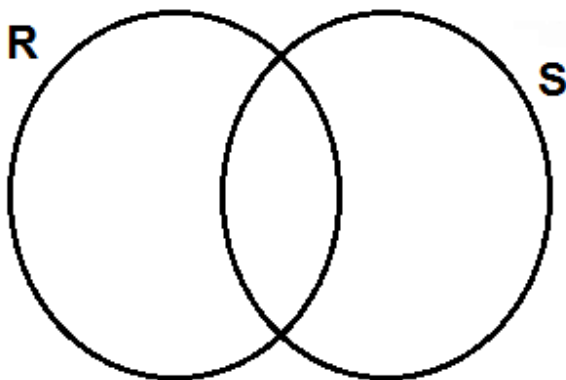

20. Find the square of 13.

Section B (60 marks)

21. Given that set $R = \{\text{The first 6 even numbers}\}$ and set $S = \{1, 3, 6, 10, 15\}$.

(a) List down all the elements of set R. **(1 mark)**

(b) Represent the information above in the Venn diagram below. **(3 marks)**

(c) Find $n(R \cup S)$. **(1 mark)**

22. Arrange $\frac{1}{2}$, $\frac{2}{3}$ and $\frac{3}{4}$ from the biggest to the smallest. **(5 marks)**

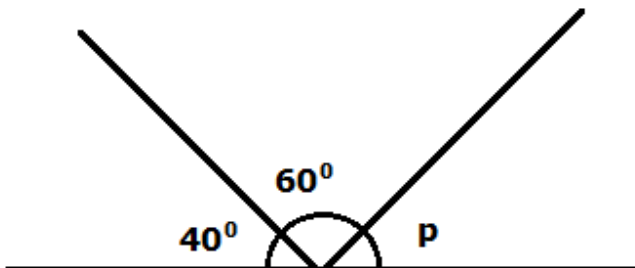

- 23(a) Muleme had some goats on his farm, he sold 8 of them and remained with 13 goats. How many goats did he have at first? **(2 marks)**

(b). Solve: $27 \div \square = 3$ **(2 marks)**

- (c) Collect the like terms and simplify: $3b + 4b - 2b$ **(2 marks)**

- 24(a) If m and 40° are complementary angles, find the value of m . **(2 marks)**

- (b) Find the value of p in the figure below. **(3 marks)**

25(a) What is the lowest common multiple of 12 and 18?

(2 marks)

(b) Find the highest common factor of 8 and 20.

(1 mark)

(c) What is the product of the third even number and the fourth odd number?

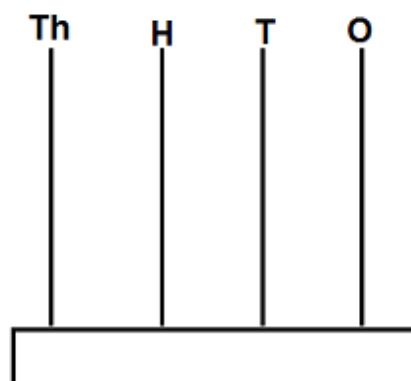

(3 marks)

26(i) Given the digits 7, 3, 0, 2.

(a) Form the smallest number that can be got from the digits above. **(1 mark)**

(b) Represent the smallest formed in (a) above on the abacus.

(2 marks)

(ii) The place value of 9 in a number is ten thousands, what is its value? **(2 marks)**

27. Riham soda company can produce 240 crates of soda in one hour.

(a) How many crates does it produce in 1 day? **(2 marks)**

(b) If all the crates are transported on pickup lorries each carrying 20 crates, how many lorries will be required to transport all the crates produced in each hour? **(2 marks)**

28. Petete went to the shop and bought the following items.

3 packets of omo at sh. 6000

A rubber at sh. 1500

1 pencil at sh. 800

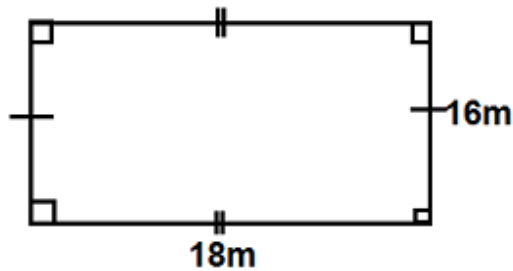

A packet of chocolates at sh. 3000

(a) How much money did he pay for a packet of omo? **(2 marks)**

(b) How much more money does a packet of chocolates cost than a rubber? **(2 marks)**

(c) How much money did Petete spend on all the items above? **(2 marks)**

29. **The figure below is a rectangle. Use it to answer the questions that follow.**

(a) Calculate its area. **(2 marks)**

(b) Work out its perimeter. **(2 marks)**

30. Use $>$, $<$ or $=$ to complete the statements below correctly.

(1 mark each)

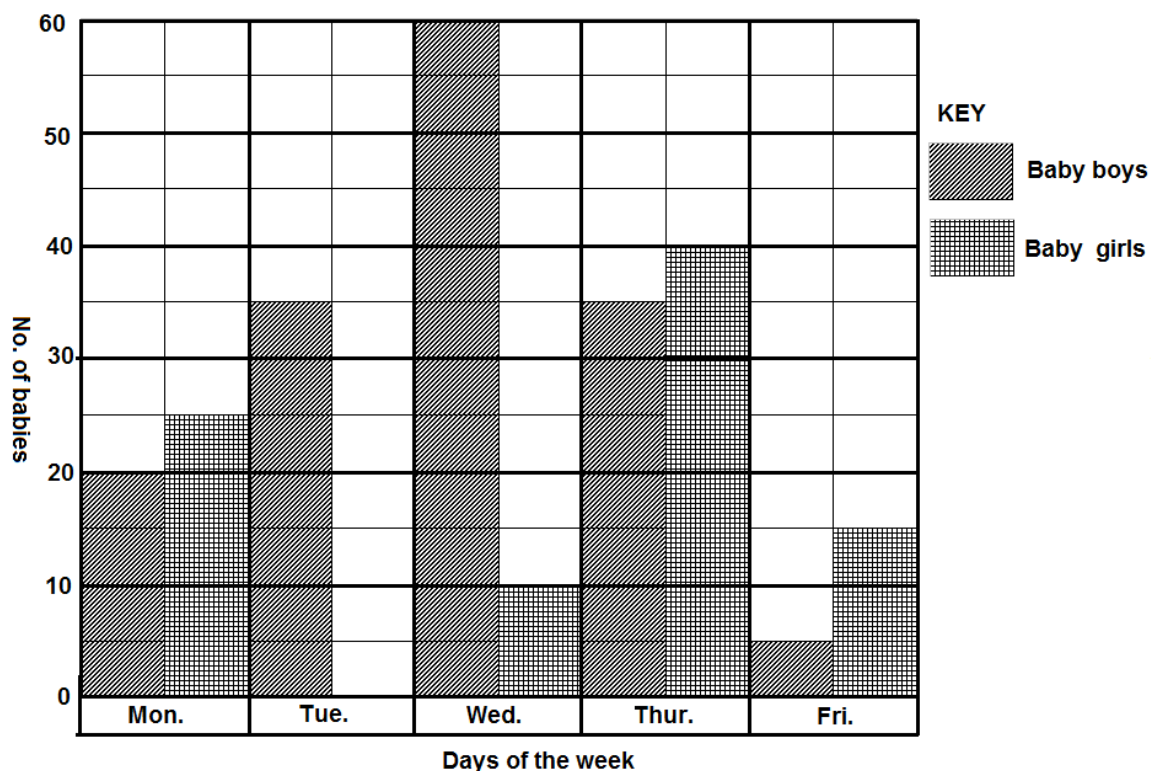

(a) XLIV _____ LXIV

(b) $2\frac{1}{2}$ hours _____ 120 minutes

(c) $\frac{3}{6}$ _____ $\frac{4}{8}$

(d) a fortnight _____ 21 days

31. The graph below shows the number of boys and girls born in Mulago hospital from Monday to Friday.

(a) On which day was the highest number of babies born?

(1 mark)

(b) On which two days were the same number of boys born?

(2 marks)

- (c) How many girls were born from Monday to Friday? **(2 marks)**

32. The table shows the month of May, 2018. Use it to answer the questions that follow.

MAY 2018

Sun.		6	13	20	27
Mon.		7	14	21	28
Tue.	1	8	15	22	29
Wed.	2	9	16	23	30
Thur.	3	10	17	24	31
Fri.	4	11	18	25	
Sat.	5	12	19	26	

- (a) How many Wednesdays are in the month? **(1 mark)**
- (b) On which day will the month end? **(1 mark)**
- (c) What day of the week is the 18th May? **(1 mark)**
- (d) Jafari rests every weekend. How many days will he rest this month? **(1 mark)**

P.5
Integrated Science
Time allowed: 2 hours and 15 minutes

Name: _____ Stream: _____

SECTION A (40 marks)

1. How many main body parts does a butterfly have?

2. State one way of administering vaccines.

3. How is too much rain dangerous in the environment?

4. Write down one non-communicable disease caused by poor feeding.

5. What is the use of an iron box to a P.5 pupil?

Pupils of Nkere Primary School were on a tour where they found the farm record shown below.

Chicken:	M
Diseases:	coccidiosis
Treatment given:	Coccidiostats

6. What time of farm record is shown above?

7. Give the way in which shadows are formed.

8. If a coin and a jerrican are dropped into a water pool, why does a coin sink in water and the jerrican float on it?

9. Which part of a tooth contains nerves?

10. Why do worker bees visit flowering plants?

11. How can crops in a granary be protected from rats?

12. What is the gestation period of a doe?

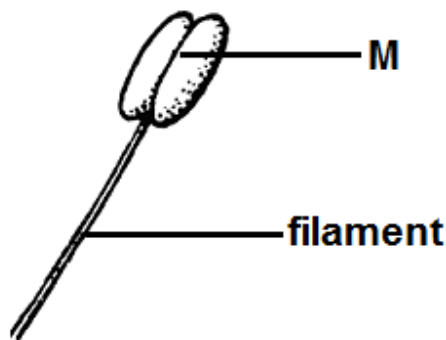

13. Why does the government of Uganda encourage its people to sleep under insect treated mosquito nets?

14. Name one domestic animal kept for milk.

15. Which type of soil has fine soil particles?

16. Why would one choose to rear exotic breed of chicken?

Use the diagram below to answer questions 17 and 18.

17. Name part M.

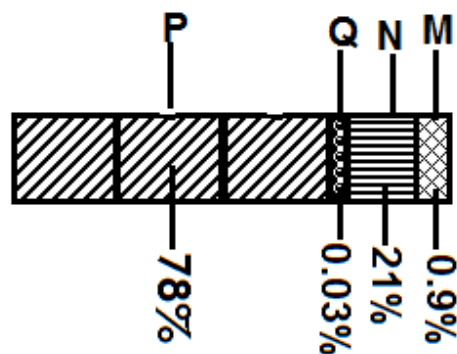

18. What name is given to the part of a flower shown in the diagram above?

19. Name the insect that depends on blood.

20. Apart from a rain gauge and a wind vane, name one other weather instrument found at a weather station.

21. State the sense organ for tasting in the human body.
-
22. Give the use of an axe to a farmer.
-
23. Why does a fly die soon when its abdomen is put in water?
-
24. Mention one method of preventing hookworms from entering the body of a person.
-
25. Why should you advise people to always keep rubbish in one place?
-

The chart below shows the composition of air. Use it to answer question 26 and 27.

26. Name the gas represented by letter P.
-
27. State one use of the gas represented by letter Q.
-
28. Why are poles used to hung beehives usually smeared with oil?
-
29. Give one use of plants to people.
-
30. Give a reason why water for drinking should be boiled properly.
-
31. How does sunlight help in controlling rickets?
-

32. Identify a disease spread by a housefly that attacks the eyes.

33. How are some flowers able to attract insects?

34. How is peristalsis useful during digestion?

35. Give a reason why poultry should be vaccinated.

36. State the importance of road signs on roads.

37. Mention any one method of preparing food.

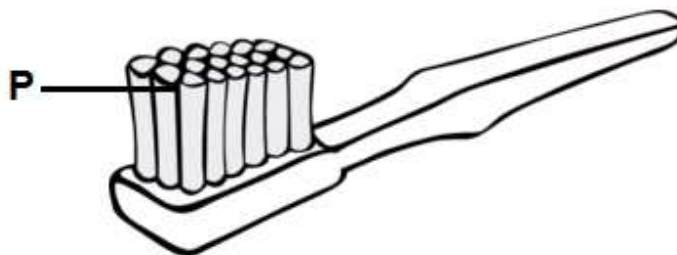

38. Mention one mineral salt lost during dehydration.

39. Why do some people scrub their feet with a brush when bathing?

40. Write UNEPI in full.

Section B (60 marks)

41. **Below is a tool used in cleaning our body. Answer questions about it.**

(a) Which tool is shown in the diagram above?

(b) State the importance of the part marked P.

(c) When should one brush his / her teeth?

(d) State the importance of water during the brushing process.

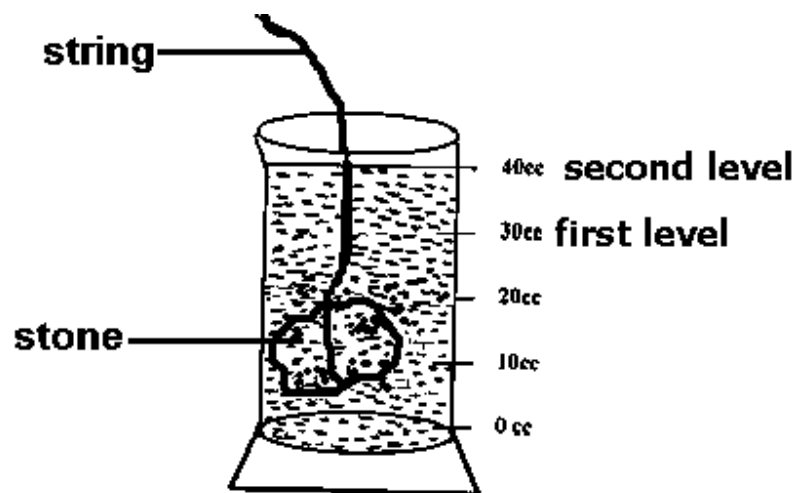

42(a) Name one material used by bees to make honey.

(b) How do worker bees protect the hive?

(c) How are bees important to crops?

(d) Mention the type of bee that develops from unfertilized eggs.

43. **Study the diagram below and use it to answer questions below.**

(a) Name the method of finding volume shown in the diagram.

(b) What is the volume of the stone in the measuring cylinder?

(c) Find the mass of the stone in the measuring cylinder if it has a density of 4g/cc.

(d) What will happen to the current water level if the stone is gently removed?

44(a) Which system of poultry keeping is commonly practiced in rural areas?

(b) Why is the system mentioned above not commonly used in urban areas?

(c) Suggest one disadvantage of the system you have named in (a).

(d) What are dual purpose chickens?

45(a) Mention one sign of a compound fracture.

(b) How are the following structures useful in giving first aid?

(i) arm sling

(ii) stretcher

(c) State the main reason for giving first aid.

46(a) State one danger of poor hygiene.

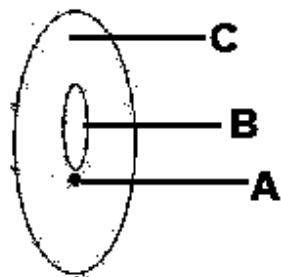

(b) Mention any two items a P.5 pupil used to clean his/her classroom.

(i)

(ii)

(c) Give the importance of a dustbin in a P.5 classroom.

47. **The diagram shows external parts of a bean seed.**

(a) Name the part marked A and B.

(i) A _____

(ii) B _____

(b) How is part C useful to a seed?

(c) Which letter shows a part that allows in water and air into a germinating seed?

48(a) What is a family?

(b) Name any two people found in extended family.

(i)

(ii)

(c) State any one role of a child in a home.

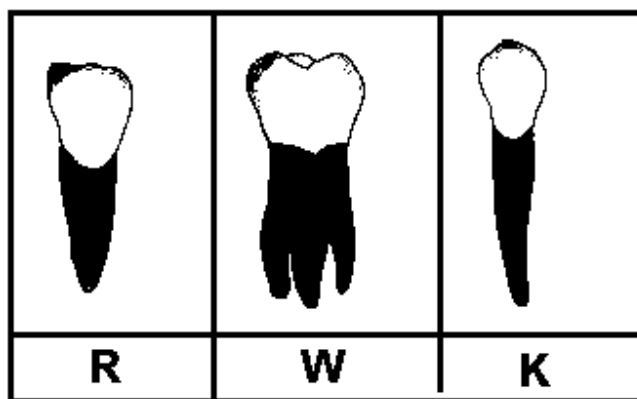

49(a) What term is given to a substance that speeds up a chemical break down of food?

(b) Name the class of food digested in the mouth.

(c) Why is saliva useful in food digestion?

(d) Where is food stored in the alimentary canal?

50. **The diagram below shows different types of teeth. Use it to answer the questions that follow.**

(a) Which tooth above is suitable for:

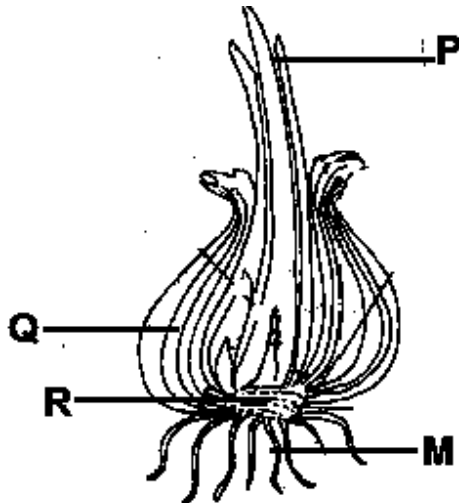

(i) cutting food?

(ii) tearing food?

(b) Which type of teeth has a similar function as the grit in the gizzard?

(c) Name the set of teeth an adult person has.

51. **The diagram below is a section through an onion.**

(a) Name the part marked R.

(b) How is the function of leaves marked P different from those marked Q?

(c) Name the type of roots marked with letter M.

(d) How are onions propagated?

52(a) Give the term to mean the introduction of vaccines in the body.

(b) Give the type of immunity acquired through:

(i) injecting vaccines into the body

(ii) recovering from an illness

(c) What is the best way of controlling immunisable diseases in babies?

53(a) State the importance of the stomata on the plant leaf.

(b) Give one type of venation in plant leaves.

(c) Why do some plants shed their leaves in dry season?

(d) Mention one example of a compound leaf.

54(a) What is soil profile?

(b) Why is top soil suitable for crop growing?

(c) Give one agent of soil erosion.

(d) State one way a farmer can improve the fertility of the soil where he grows crops.

55. **Match the disease in list A and the vectors in list B correctly.**

A

B

- | | |
|----------------------|-------------------|
| (a). River blindness | Culex mosquito |
| (b). Bilharziasis | Aedes mosquito |
| (c). Elephantiasis | Fresh water snail |
| (d). Yellow fever | Black fly |

(a) River blindness _____

(b) Bilharziasis _____

(c) Elephantiasis _____

(d) Yellow fever _____

P. 5
Social Studies and Religious Education

Name: _____ **Stream:** _____

SECTION A:

1. Write down any one group of people who use a compass in their daily work.

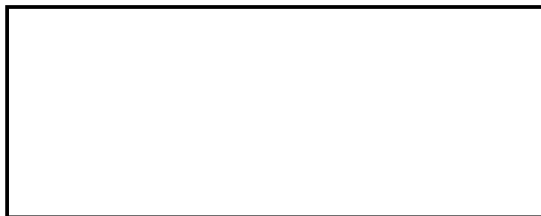

2. How does the police maintain law and order in Uganda?

3. Write NFA in full.

4. What name is given to the steep slopes of a rift valley?

5. How can children maintain security at school?

6. In the space below draw a map symbol of a canal.

7. Give one reason why Uganda is divided into many districts?

8. Mention one way Port Mombasa is important to Uganda's economy.

9. Which natural vegetation is suitable for establishment of game parks?

10. How is lake Katwe economically important to Uganda?

11. Why are people not advised to settle on the slopes of active volcanoes?

12. Give any one problem faced by people in Kalangala and Buvuma districts.

13. Mention any one example of a renewable resource.

14. State any one role of the Chief Administrative Officer in the district.

15. Apart from limestone, name any other mineral mined from Osukuru hills in Tororo.

16. Write down any one example of a fishing ground in Uganda.

17. Which Local Council official is responsible for children's welfare?

18. How is a commercial bank important in the community?

19. Name the river that forms a natural boundary between Uganda and Tanzania.

20. What is weather?

21. How were rift valley lakes formed?

23. Give any one way swamps are important to people.

24. Why did Henry Morton Stanley call Mountain Rwenzori '**Mountain of the moon**'?

25. Which component of climate determines peoples settlement patterns in an area?

26. How is Uganda and Rwanda similar in terms of location?

27. Give any one advantage of road transport in Uganda.

28. Why do people in highland areas keep donkeys?

29. What is a river tributary?

30. Write down any one way of getting leaders in a district.

31. Name any one artificial fibre used to make cloth.

32. State any one problem facing cattle keeping communities in Uganda.

33. Write any one island district in lake Victoria apart from Kalangala district.

34. Which mineral has been discovered in lake Albert in western Uganda?

35. Which force was responsible for the formation of Block Mountains?

For questions 36 – 40, answer Christianity or Islam “BUT NOTE” both.

36. **Either:** Who led the Israelites out of Egypt?

Or: Who led the Banisraelites out of Misiri?

37. **Either:** What is a prayer?

Or: What is Salat?

38. **Either:** Why should Christians pay the tithe?

Or: Why do Muslims pay zakat?

39. **Either:** Name the prophet of God who ordered to build the Ark.

Or: Name the prophet in Islam who built the Ark.

40. **Either:** Which sacrament enables a person to become a member of God's family?

Or: Which pillar enables a person to become a Muslim?

SECTION B: (60 marks)

41(a) What is meant by the term 'natural forests'?

(b) Write down any two characteristics of tropical rain forests.

(i)

(ii)

(c) How are forests dangerous to people?

42(a) What is the largest fish caught in Uganda's lakes?

(b) How does fish smoking affect the environment?

(c) Write down any two local methods of catching fish.

(i)

(ii)

43(a) Give any two tourist attractions found in Uganda.

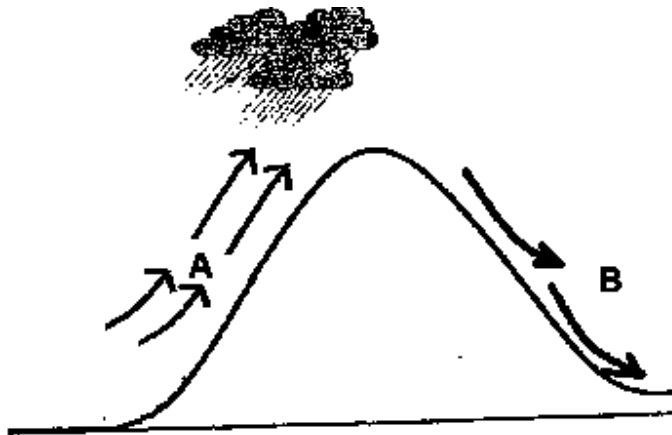

(i) _____

(ii) _____

(b) Why is tourism called an invisible trade?

(c) Write down any one invisible export of Uganda to Kenya.

44 **Study the diagram below and answer questions that follow.**

(a) Which letter has been used to show the wind ward side?

(b) Describe the wind at side A

(c) Write down two districts in Uganda that receive the above type of rainfall.

(i) _____

(ii) _____

45(a) What is the largest ethnic group in Uganda?

(b) Why did the ethnic group mentioned in (a) above migrate into Uganda?

(c) Mention any two results of the early migrations to Uganda.

(i) _____

(ii) _____

46(a) State any two economic importance of rivers to people.

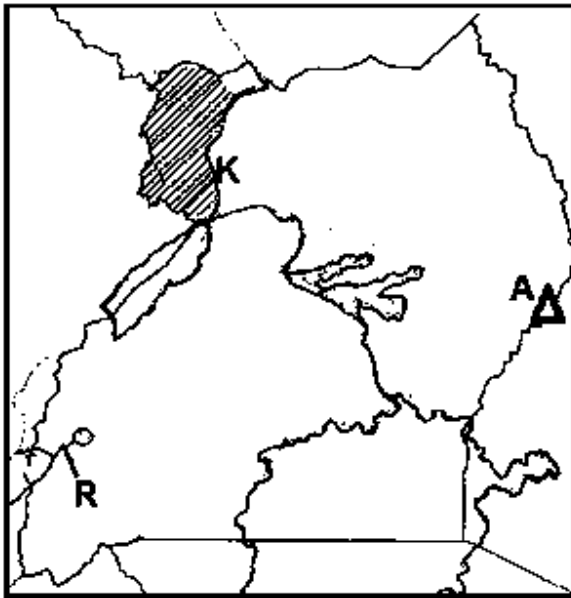

(i) _____

(ii) _____

(b) Which feature on a river helps in the generation of hydro electricity?

(c) Name any one river that pours its water in lake Victoria.

47. **Study the map of Uganda and answer questions that follow.**

(a) How was mountain labeled A formed?

(b) What name is given to the feature shown with letter R?

(c) Write down any one district found in the shaded area.

(d) Name the part of river Nile labeled K.

48(a) What is child abuse?

(b) Give two ways children's rights are abused in Uganda today.

(i) _____

(ii) _____

(c) How can the government of Uganda fight the habit of child abuse in Uganda?

49(a) What are non traditional cash crop?

(b) Give any one example of non traditional cash crops.

(c) Write down any two problems facing farmers in Uganda.

(i)

(ii)

50(a) Which type of labour is provided by trained people in Uganda.

(b) State any two problems affecting labour in Uganda.

(i)

(ii)

(c) Mention one way people get income in their families.

For questions 51 – 54, answer either Christianity or Islamic but Not both.

51. **Either:** (a) Who is a Martyr in Christianity?

(b) Why did Kabaka Mwanga order for the killing of Christian converts in Uganda?

(c) State any one way the Uganda martyrs met their death.

(d) What lesson do Christians learn from the Uganda martyrs?

Or: (a) Who is a martyr in Islam?

(b) Who was the first martyr in Islam?

(c) How did the above martyr meet her death?

(d) What lesson do Muslims learn from the acts of the Uganda martyrs?

52. **Either:**(a) Why do Christians fast during Lent

(i)

(ii)

(b) For how long do Christians fast?

(c) When does the fasting period for Christians end?

Or: (a) What do we call the fasting month for Muslims?

(b) For how long do Muslims fast in the month of Ramadhan?

(c) What celebration marks the end of the month of Ramadhan?

53. **Either:**(a) Why did Mary and Joseph take baby Jesus to Egypt?

(b) Where was Jesus Christ born?

(c) Mention any two gifts the Magi brought to baby Jesus.

(i)

(ii)

Or: (a) Why did prophet Muhammad migrate from Makkah to Medina?

(i)

(ii)

(b) Name the person prophet Muhammad left in his bed to confuse his enemies.

5. What an _____ child she was!. (ignorance)

Read the passage and answer questions that follow in full sentences

MABIRA FOREST

Mabira is the biggest natural forest in Uganda, found along Jinja road. Mabira consists of big and evergreen trees which produce hardwood. There are also shrubs and some wild animals.

Many activities are carried out in Mabira forest. Activities like farming, hunting and lumbering take place.

However, these activities have led to the destruction of most tree and animal species, and have also affected the rain cycle. We should learn to conserve our environment. 'FOR GOD AND MY COUNTRY'

Questions

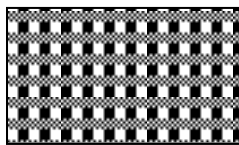

- a) Which kind of forest is Mabira?
- b) Where is this forest found?
- c) List three things found in this forest?
- d) Mention two effects caused by activities carried out in Mabira forest
