51. Read the passage below and in full sentence answer the questions that follow.

Last holiday, our father decided to take us on a tour to Kidepo National Game Park. We woke up very early in the morning and prepared ourselves for the journey. My father removed the car, from the garage and checked the mechanical condition. As he was checking the car, he realized that the driving mirror was broken and the boot was not locking. He started the car but found out that the engine was producing a lot of smoke.

My father called the mechanic to come and repair it before setting off for the journey. The mechanic also found out that even one of the tyres was flat. He repaired the car and we later started our journey, on our way, the car stopped suddenly and we decided to leave it and boarded a bus which took us to the game park.
